**FORMAT:**

Any combination of two bowlers is allowed. The most successful promotions have been husband-wife or "family" scotch doubles where competition is open to father/son, mother/daughter, etc. This is modified from the USBC version of Scotch doubles. Bowler A bowls the first ball in the first frame of the first game. Bowler B will bowl at whatever pins are left. This will continue until a strike is bowled. If a strike is bowled, the other bowler now gets to throw the first ball of the frame. And so on.....

**\*\*4 games bowling..... Prize fund \$30/Lineage \$12**

- Bowl 2 games one set of lanes, next 2 games move one pair to the right
- Handicap based on team average. 100% the difference from 440.

**Bowler Signup Sheet on reverse-side**

2015/2016 USBC average will be used.

- Must use highest average if more than 21 games bowled.
- If no 2015/2016 average, previous year average will be used.
- If no recorded average, an average of 220 will be used.
